# Huntsville Generation Homes

## territorial acknowledgment

Habitat for Humanity Ontario Gateway North acknowledges that our Generation Homes project in Huntsville sits on the traditional territory of the Anishinabek People, specifically the Ojibway, Chippewa, and Odawa Peoples. This territory is covered by the Williams Treaty (of 1923) and the J. Collins Land Purchase (of 1785). We recognize that there have been Indigenous Peoples who have cared for and stewarded this land for generations. We would further like to recognize the connection and contributions of all First Nations, Métis, Inuit, unceded First Nations, and Indigenous Peoples. We acknowledge that we are all treaty people. We accept our responsibility to honour all our relations, as we strengthen ties with the communities we serve and work to build a future where everyone has a safe and decent place to live.

## Bala Homes

# territorial acknowledgment

Habitat for Humanity Ontario Gateway North acknowledges that our Building Futures Project in Bala is located on the territory of the Anishinabek (Ojibway and Chippewa) Peoples and the territory of the Wahta Mohawk Peoples. The territory is covered by the Williams Treaty (of 1923). We recognize that there have been Indigenous Peoples who have cared for and stewarded this land for generations. We would further like to recognize the connection and contributions of all First Nations, Métis, Inuit, unceded First Nations, and Indigenous Peoples. We acknowledge that we are all treaty people. We accept our responsibility to honour all our relations, as we strengthen ties with the communities we serve and work to build a future where everyone has a safe and decent place to live.
